

GUEST PARKING AT THE GREEN GARAGE

We're looking forward to your visit to the [Green Garage](#), located at 4444 Second Avenue in Detroit, 48201 (between Canfield and Prentis). If you're traveling by car, you have several options for parking.

Green Garage lot:

We have a small brick parking lot (four spaces) adjacent to our building, accessible from Second. You are welcome to park there for free if spaces are available. Please limit usage of the lot to 4 hours at a time. If you're visiting later in the day, please be aware that **the lot closes with the building at 5:00 pm** and any cars parked in it will need to be moved by that time.

Street parking:

There is street parking available in the neighborhood around the Green Garage, some metered and some free. Metered parking, which is managed through [Park Detroit](#), a pay-per-plate system that costs \$1.00/hour and accepts payment at the meter or via the Park Detroit smartphone app, can be found on Second, Canfield, and Cass. Free parking can be found within a several block radius on Hancock, Forest, Prentis, Canfield, Willis, Alexandrine, and Third. If you park at a meter, know that there is a two-hour limit; however, once the two hours have elapsed, you may add more money at the meter or via the app. *Please be aware that the Park Detroit meters currently installed near the Green Garage on Second between Canfield and Forest and currently non-functional; therefore, parking there is free for the time being.*

Public parking lots:

Visitors looking for a dedicated, gated, and/or covered parking option can park for \$5 in the public lot across the street from Traffic Jam on Canfield, or for \$7 in Wayne State's Parking Lot #60, on Forest between Cass and Second, or Structure #8, on Forest near Woodward.
